Gambar 10 Tampilan hasil latihan 1 modul 2

2. Latihan 2

The screenshot shows a window titled "Convert IP Address" with a feather icon on the left and standard window controls on the right. The window has a light gray background. At the top, the text "Ghaida Fasya Y A", "714220031", and "D4 TI 2B" is displayed. Below this, there are two labels: "Masukan IP Address 1 :" and "Masukan IP Address 2 :". Each label is followed by a white text input field. At the bottom center, there is a button labeled "Convert".

Gambar 11 Tampilan latihan 2 modul 2

The screenshot shows a window titled "Convert Integer" with a feather icon on the left and standard window controls on the right. The window has a light gray background. At the top, the text "Ghaida Fasya Yuthika Afifah", "714220031", and "D4 TI 2B" is displayed. Below this, there are two labels: "Masukan host / web:" and "Masukan port:". The "Masukan host / web:" label is followed by a white text input field containing "www.youtube.com". The "Masukan port:" label is followed by a white text input field containing "80". At the bottom center, there is a button labeled "Connect". Below the "Connect" button, the text "Connected to www.youtube.com on port 80" is displayed.

Gambar 12 Tampilan hasil latihan 2 modul 2

3. Latihan 3

The screenshot shows a window titled "Size Buffer" with a feather icon. The window has a light gray background. At the top, the text "Ghaida Fasya Yuthika Afifah", "714220031", and "D4 TI 2B" is displayed. Below this, there are two input fields. The first is labeled "Masukan nilai Buffer 1 :" and the second is labeled "Masukan nilai Buffer 2 :". Both fields are empty. Below the second field is a button labeled "modif".

Gambar 13 Tampilan latihan 3 modul 2

The screenshot shows the same "Size Buffer" window after the "modif" button was clicked. The input fields now contain the value "8240". Below the input fields, the text "Buffer size [Before]: 65536" and "Buffer size [After]: 8240" is displayed.
